GE as a Digital Industrial today

\$6B+
2016 revenue

~28k
Digital employees

San Ramon
Headquarters

24k
Developers on Predix
(growing daily)

400+
Partners

1
Global platform

\$0.7B
Productivity

Significant progress to-date with ongoing momentum

GE will be the best example

Our Experience

Engineering design | Design for productivity/cost

H Turbine

... 2X faster, lower launch cost

Manufacture | Optimized manufacturing

75 Brilliant Factories ...driving yield, cycle, downtime

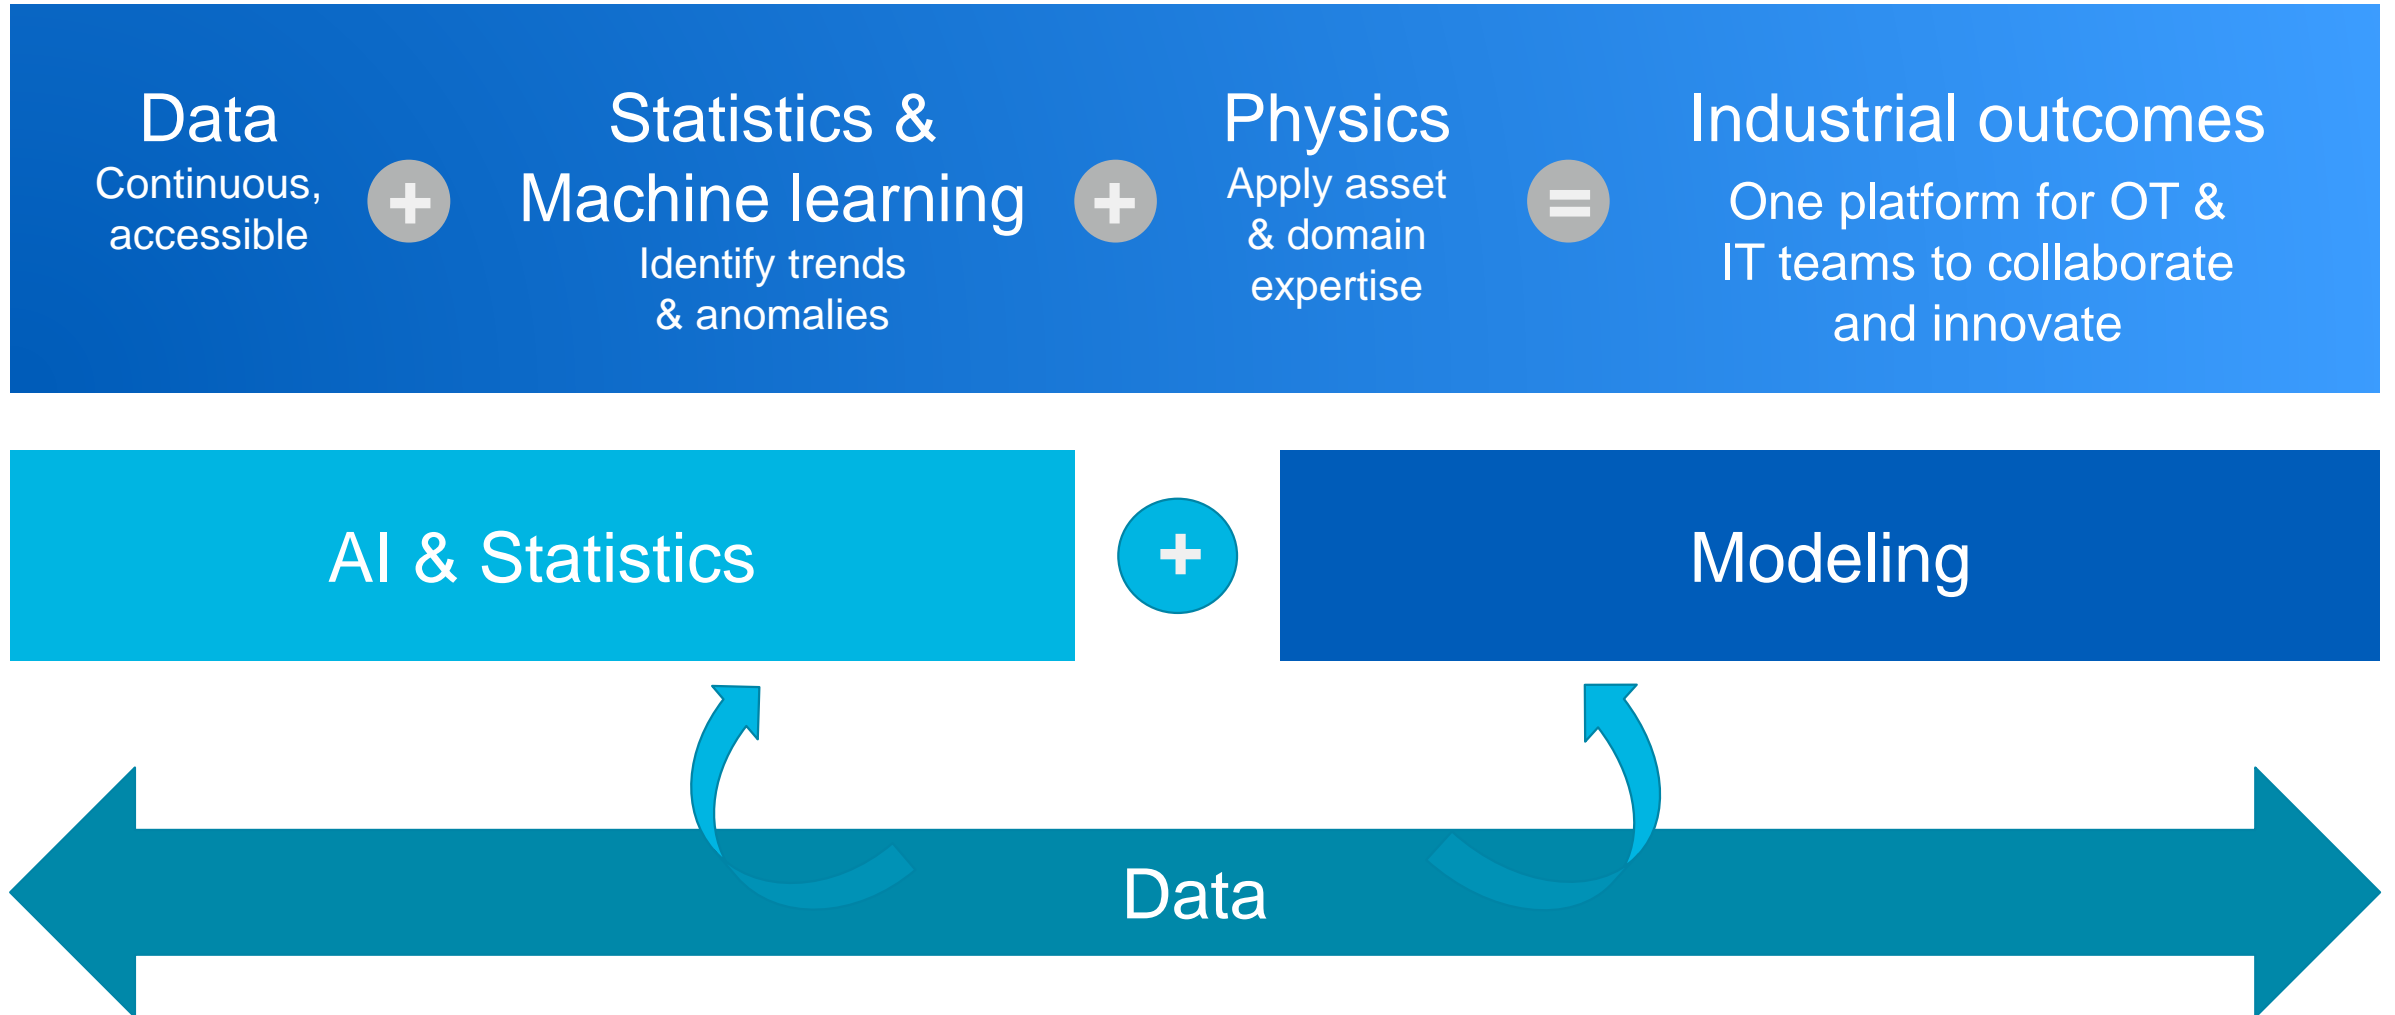

Services | Condition-based services

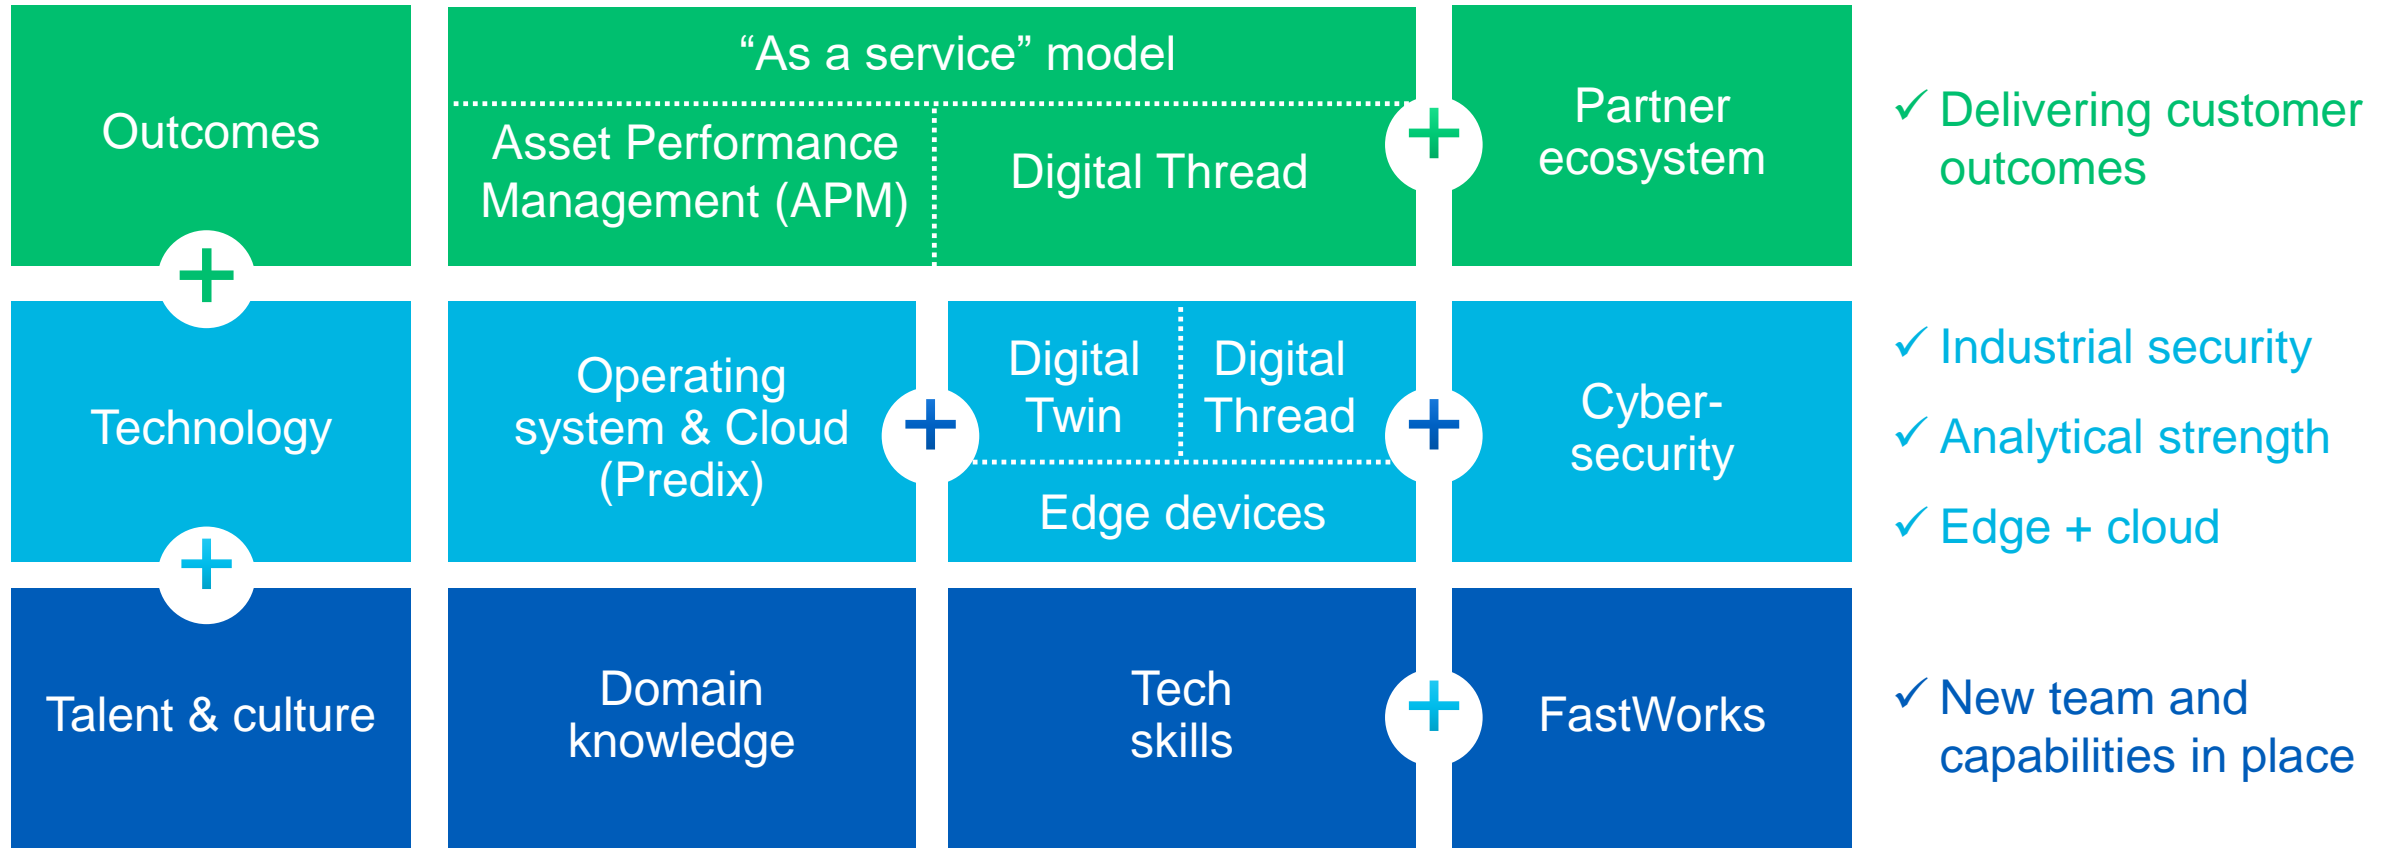

30,000 Field Engineers ...sensor based, onboard algorithms, mobile

\$500M productivity savings in 2016 – \$1B by 2020

What is an Industrial App

Industrial Internet Building Blocks

- ✓ Very different capability set than consumer internet
- ✓ GE investing in capability that's necessary to win

imagination at work
